FINAL DESIGN PROJECT PROPOSAL

New Softscape:

OEU - Oleo Europeana 'Skylark Dwarf'

DAL - Dasylirion Longissima

AMA - Agave 'Medio-picta Alba'

CDB - Cordyline 'Design-A-Line Burgundy'

MXV - Monardella x villosa

ECP - Eschsholzia Californica

ECG - Echinocactus grussoni

FCW - Ferrocactus wislizeni

PLANT LIST:
(USE ADDITIONAL PAGES IF
NECESSARY)

PHM - Penstemon heterophyllus 'Margarita BOP'

SEM - Senescio mandraliscae

AEZ - Aeonium 'Zwartkop'

DUH - Dudleya hassei

ASC - Agapanthus 'Storm Cloud'

ACB - Acer buergerianum

PHC - Phacelia campanularia

PIT - Pistacia chinensis 'Keith Davey'

Checklist of things to consider:

- Are all the plants suitable for the sun exposure/shade? (Including shadows over the course of the year, deciduous trees, buildings, growing nearby plants and growth over time.)
- Plant groupings that have compatible watering needs
- Color elements (flower, foliage, etc.)
- Visual flow/plant placement (consider the “floor, ceiling and wall” of the space)
- Mature plant sizes
- Is there repetition and contrast in plant choices?
- Physical flow (ie pathways, etc.) and access to weeding and maintenance?
- Is your nomenclature of your plant list botanically correct?
